

THEY WILL COALESCE.

To the Editor of THE ADVOCATE.

What are you People's party men kicking about? Don't you know that the whole theory and practice of the United States and of other governments is based on the old Roman principle that "might makes right," and that a man has a right to take all he can get, and the business of the government is to protect him in his possessions? If you are not smart enough to become millionaires whose fault is it but your own? Don't you know that from remote ages the masses have been the vassals of the few men who had the brains to secure power and wealth? As long as Jay Gould *et al.* have greater brain power than the populace, Jay Gould *et al.* will rule. Don't you know that this country is rapidly gaining, if not already there, the point where government by a plutocracy commences? Don't you know that the plutocrats will always have enough of faithful vassals to do their bidding and so secure themselves in power? Just now Democrat and Republican are sacred names to the great mass of American voters, and that batch of them is the worst class of voters, whose ballots control the balance of power and who will uniformly cast them as directed by the plutocrats. Don't you know that shrewd men like Cleveland, Hill, Blaine, Harrison, etc., can sway the great masses of the American people as they please? And in case it becomes necessary, Cleveland and Blaine can become political bed fellows, and mass their mercenary following so as to defeat any movement that might endanger the supremacy of the plutocracy? Don't you know that in case there appeared to be any serious danger of the People's party winning, that Democrat and Republican would coalesce? While it is a mere strife between factions of the plutocracy, Democrat and Republican will flourish, but let the plutocracy be seriously threatened, the Republican elephant and Democratic tiger will cease their strife and pull together? The great red dragon of the money power has more sense than to divide its forces when such division would be dangerous to its life.

Topeka, March 18, 1891.

Read all the advertisements of spring medicines, and then take Ayer's Sarsaparilla.

Always Been a Success.

MASON CITY, Ia., March 27, 1890.

The Lawrence-Williams Co., Cleveland, O.—Sir: I have used Gombault's Caustic Balm for several years; would say that so far as I have tried it, in every instance it has been a success.

GREAT "ACTINA" CATARRH CURE.

THE BLIND SEE THE Deaf Hear. Catarrh Impossible.

The above figure represents the manner in which our Magneto-Conservative Garments are worn. It can be readily understood if as they are not worn next the skin, nor have they to be dipped in acids. The dangerous character of Electric Belts charged with acid and worn next the skin is too well known to be repeated here. PROF. WILSON'S system is as distinct from these dangerous Copper and Zinc Belts as is a pine knot in an Indian's wigwag to the electric lights of our stores and city streets. There need not be a sick person in America (save from accidents) if our Magneto-Conservative Underwear would become a part of the wardrobe of every lady and gentleman, as also of infants and children.

One million people in Europe and America are wearing our Magneto-Conservative garments—they cure all forms of disease after the doctors have utterly failed. There is no form of disease our garments will not cure. Gout, Rheumatism, Paralysis, Consumption, Constipation, Stiff Joints. Our garments cure when all drug treatments fail. Twenty-five thousand people in Kansas City testify to our marvelous cures. If you suffer it serves you right. Listen to your doctors and die. Wear our Magneto-Conservative Garments and live.

RHEUMATISM, STOMACH AND OVARIAN TROUBLES.

COLUMBUS, Kansas, November 21, 1890.
PROF. W. C. WILSON:—Some time ago my son, Frank Dillman, of The Times office, sent my wife one of your No. 4 Magneto-Conservative Belts. She has been troubled over thirty-five years with Dyspepsia, Liver and Kidney Troubles, Rheumatism and Neuralgia; not all at the same time, but at different times—the last two in various parts of her body. During the early spring she had a very severe attack of Rheumatism in her hip and lower part of her back, followed later in the summer by Neuralgia of the left ovary, with all its accompaniments. After the acute form of the latter had abated somewhat she still had a continual backache with pain in her side, constipation and the like. About this time she received the Belt, and she put it on, with some doubts, but after some few weeks she began to experience a change; she threw away her cane, she could rest and sleep better, her backache left her, stomach troubles were less annoying, and, indeed, she was growing better every day, and she has continued to improve up to the present time. We are well pleased with the results and would recommend the Belt for any of the above named ailments and others of like character.

REI DILLMAN.
